

NGUYỄN MINH TRÍ

Back-End Developer

Date of birth: January 07, 1999
Gender: Male
Phone: 0387282390
Email: nguyenminhtri07011999@gmail.com
Address: TP.HCM, Vietnam
Website: <https://nguyenminhtri01.github.io/>

SUMMARY

I'm a Back-end Developer with over a year of learning and practice building web applications on Nodejs platform for some individual and group projects. I love learning new technologies, building valuable applications to help others in their work. I am also considered a good team worker because I am always willing to assist others and easy to get along with everyone.

CAREER GOALS

I want to be a good programmer in a professional programming environment where I can use all of the knowledge during the years of studying and develop personal skills. Especially to learn new programming knowledge and try my best to complete all assigned tasks.

EDUCATION

09/2017 - Present	University : Công Nghệ Thông Tin ĐHQG TP.HCM Majors: Communications and Computer Networks GPA: 7.24/10
06/2020 - 21/09/2020	Center : Cybersoft Course : Full stack Nodejs and Vuejs

SKILLS

Programming Languages:	JavaScript, HTML, CSS, SQL
Frameworks / Platforms:	NodeJs (Express, Socket.io), VueJS, Vuex, Bootstrap 4, jQuery
Database:	MongoDB, MySQL, SQL Server
Foreign Languages	English (reading)
Version Control	Git, GitHub
Other	Have knowledge deploy to cloud Have knowledge of building RESTful API Have knowledge of MVC pattern Have knowledge OOP Teamwork, technical communication, highly adaptable, and I can read documents and requests quickly and effectively

WORK EXPERIENCE

09/2020 - 10/2020	PROJECT: Vi Chat + POSITION: Full stack + DESCRIPTION: A web application which users can create a chat
-------------------	---

room, find a chat room by ID and join the room with provided password...

+ TECHNOLOGIES USED : Socket.IO, ExpressJs, MongoDB, VueJs, Vuex, Bootstrap 4, HTML, CSS

+ TEAM SITE: 1
